## EXPERIENCE

- **SAP MDG CONSULTANT | IBM**                                   **JUL 2023 – PRESENT**
  - Hands on experience in SAP Analysis, Design, Development, and Implementation of Solutions for SAP MDG and SAP ABAP.
  - Engaged actively in SAP ABAP coding, thereby playing a vital role in crafting resilient business applications that met client specifications and goals.
  - Developed hands-on expertise in SAP SmartForms, AdobeForms, CDS views, AMDP procedure calls, SAP BRF+.
  - Contributed to enhancements and ensured the deployment of high-quality code in the production environment, adhering to S/4 HANA syntax.

- **Intern | QSpiders**                                              **Aug 2022- Sep 2022**
  - Executed several web development projects using SQL for database management. This experience has provided me with a strong understanding of database design, implementation, and interaction in the context of web development.

- **Web Automation | Compsoft Technologies**                         **Aug 2021- Sep 2021**
  - Gained experience in in web scraping using beautiful-soup and other python libraries.
  - Demonstrated ability in automating web browser interactions with python selenium webdriver for testing and task automation.
